

Workstation for Mojo

This workstation provides complete 'plug-and-play' convenience for 3D Printing. Features integral wiring and sockets. The lockable doors reveal ample storage below for consumables. Mounted on heavy-duty lockable castors, the workstation can be easily moved to where needed and it is powered by a single 13A socket.

Specification

Dimensions: 1400(W) x 800(D) x 850(H)mm
Weight: 180kg

Stand/Cupboard for uPrint SE

The perfect complement for a uPrint SE 3D Printer, this robust workstation provides a smart way to present the machine at the right working height and to store all the tools and materials that come with it. Features capacious storage, sturdy drawers and a lockable door.

Specification

Dimensions: 700(W) x 800(D) x 850(H)mm
Weight: 76kg

Support Removal System for Mojo/uPrint

Wavewash 55 Support Removal System

Designed to partner the Mojo 3D Printer, Wavewash 55 is a compact unit that does not need plumbing to mains water or drainage. It will accept the largest models Mojo will produce. The 3.78 litre tank needs a single Ecoworks tablet to make an active solution. Once filled and activated, Wavewash 55 manages the cleaning process automatically. Filling, draining and final part washing is done manually so siting near to a sink will be beneficial.

Tank Capacity: 3.78 litres
Weight: 5kg
Dimensions: 335(W) x 335(D) x 335(H)mm

Exclusively for the Mojo 3D Printer

| | |
|--------------------|---|
| TM-DIM-CS9 | Wavewash 55 Support Removal System (Free Standing – Maximum model size 127 x 127 x 127mm) |
| TMP-MJ-SRPK | Pack of 24 Ecoworks Tablets (use one tablet with every 3.78 litres of water) |
| TMP-MJ-RB | Wavewash 55 Replacement Bushing |

SCA-1200HDT Support Removal System

This free standing unit requires no plumbing but needs to be sited near a sink for manual filling, draining and final part washing. The SCA-1200HDT has sufficient capacity to accommodate the largest models from uPrint SE Plus.

Tank Capacity: 46.3 litres
Weight: 29kg
Dimensions: 445(W) x 660(D) x 520(H)mm

| | |
|-----------------------|---|
| TM-DIM-CS10 | SCA 1200HDT Removal System (Free Standing – Maximum model size 250 x 250 x 300mm) |
| TMP-DIM-SRPK | Ecoworks Cleaning Agent (24 sachets, use 1 sachet for every 7.5 litres of water) |
| TMP-UPR-SOLCON | P400-SC Soluble Concentrate |

Wavewash Support Removal System

Discontinued, but Consumables still available.
